

OUR MISSION & PURPOSE

Berkeley Public Library Foundation's mission is to amplify public investment to make our great public libraries extraordinary. Through fundraising and advocacy, the Foundation raises the additional resources needed for innovations, literacy projects, and building improvements not covered by bond measures and city taxes.

DIRECTOR'S NOTE

There's been so much to change and challenge us in the past fifteen months, but one thing we know for sure is that public libraries are essential. We need them, and they need us. Thank you for your generosity and partnership in supporting our libraries. On behalf of the Foundation, it is my pleasure to send you the following report about the many ways your gifts have made a difference.

Thanks to dedicated donors like you, we continue to have a well-funded public library equipped and ready to serve our community no matter the circumstance. During the pandemic, our Library provided emergency services for those of us in greatest need, found new ways to help children learn, and kept Berkeley connected.

Your contributions helped complete long-planned building improvements, funded the expansion of digital and tool collections, and spurred innovations that support accessibility and equitable access for everyone.

All of us at the Foundation are so grateful for your support. We hope you stayed safe and well during these many months of separation. Although we've managed while being apart, we are so much better together. I look forward to seeing you at the library soon!

Kathy Huff

NUMBERS

Giving That Makes an Impact

FAN CLUB

In 2020, the Foundation launched the **Library Fan Club** to recognize individual donors who make recurring monthly gifts of any size. Fan Club donors provide vital support for ongoing projects, ensuring the Library can meet the needs of our diverse community. So far, 30 households have joined, and there's room for plenty more. All members get special recognitions and an "I'm a Fan" tote bag!

ROSA SHATTUCK CIRCLE

The Rosa Shattuck Circle recognizes our highest level of donors and is named for Rosa Morse Shattuck, a Berkeley philanthropist who believed in the power of libraries to change lives. She secured the funding and donated her rose garden to make space for Berkeley's first permanent public library in 1903. Circle members make annual gifts of \$1,000 or more and continue this remarkable tradition of investing in a shared community treasure.

Click here to see Linda Schacht Gage tell the story of Rosa Shattuck.

GENERATION FUND

Now in its 3rd year, gifts to the Generation Fund are invested in long-term growth to ensure a great public library for future generations. The Foundation is nearly halfway toward the \$1 million initial goal. Memorial, tribute, and legacy gifts are great ways to seed this fund.

To join the Foundation's family of donors, donate online at bplf.org or send a check payable to the "Berkeley Public Library Foundation" 2031 Bancroft Way, Berkeley CA 94704. Be sure to put Tax ID #94-3280180 in the memo line.

Foundation donors come from all of Berkeley and beyond. Every gift at every level makes a difference. **Thank you!**

Explore our website to learn more about the Foundation and our current funding priorities.

Celebrating Central

The first two floors of the Central Library renovations are COMPLETE!

Thanks to the outstanding generosity of Foundation donors, the Friends of the Library, and the City of Berkeley, significant interior building improvements have been completed at the downtown Central Library. Step inside, and you'll see **greater accessibility** all around with **improved lighting and flooring**, all-gender bathrooms, **comfy seating**, **modernized computer areas**, and an additional **second-floor laptop lending machine**. Library staff have beautiful new reference desks and improved work areas.

Two of the largest rooms in the Library have been totally transformed. **The Teen Space** moved to the first floor and doubled in size with exciting new areas for collaboration, study, and fun. An integrated Meyer Sound system and large touchscreen computer create opportunities for virtual learning, gaming, and research.

Click here to see our friends from the Berkeley Ballet Theatre dance in our updated Teen Room.

The 2nd floor has an equally exciting space dedicated to the mystery collection. Natural light and upgraded overhead fixtures fill the new **"Mystery Room"** with warmth and atmosphere. The new wing-back chairs and movable furniture make a stylish and comfortable space for author events, music, and various programs.

Click here to see Shotgun Players Patrick Dooley, Joy Carlin, Megan Trout and Nancy Carlin perform an excerpt from Agatha Christie's *The Body in the Library*.

Innovations and Ongoing Projects

LET'S GET COOKING!

The Charlie Cart

Created in Berkeley and now in over 100 libraries across the nation, the **Charlie Cart Project** utilizes a mobile kitchen classroom and award-winning curriculum to teach food and nutritional literacy aligned with math, science, and English lessons. It comes complete with a sink, power, appliances, storage, and the tools you need. The colorful, compact unit is small enough to be trucked to and from all five library locations.

Culinary Collection

Berkeley's Tool Lending Library expands to include a **Culinary Collection**. Sous vide cookers, air fryers, ice cream makers, pasta makers, dehydrators, canning equipment, novelty baking pans, and so much MORE are available to borrow, allowing patrons to try out new recipes or test out small kitchen appliances.

culinary tools added
to the collection

BY THE
NUMBERS

Everyone's Connected

The Laptop Lending Project makes computers and hotspots available for long-term lending. These resources are often used by seniors, students and parents, low-income households, and unhoused individuals. Thanks to Foundation donors and a special grant from Stephen M. Silberstein Foundation, preloaded Chromebooks and hotspots are available for check out.

Students throughout our community faced unprecedented challenges during the pandemic. In 2020, the Foundation provided Library funding to purchase on-demand access to **Brainfuse**, an award-winning platform that provides expert online tutoring in math, science, social studies, writing, and English for all ages.

Hands-on Play

When children come to play, they'll find **Big Blue Blocks from Imagination Playground**. Designed to inspire spatial learning and innovation, children construct their own play spaces with oversized blocks. For those who love learning on a smaller scale, the Foundation purchased legos for the annual **Library Lego Challenge**. Classic LEGO sets were distributed to shelters and organizations serving children living in poverty.

COVID Survival & Recovery

During the pandemic Library, buildings were closed to the public, and **nearly 40% of the Library staff were needed to help the City of Berkeley with critical emergency services.**

Librarians were uniquely equipped to answer information hotlines, provide social service outreach, conduct contact tracing, and much more. Meanwhile, the Library expanded digital services, made its extensive collection of books and materials available for outdoor pick-up, and created new virtual programs. The Foundation gave emergency grants to strengthen the Library's agility and allow it to meet the challenges during this tumultuous time.

READING IS INSTRUMENTAL

STORYTIME WITH AN ALL-STAR LINEUP OF READERS AND
MUSICIANS FROM BERKELEY AND BEYOND!

Berkeley
SYMPHONY

Reading is Instrumental

The Foundation's popular celebrity storytime series for families was presented in partnership with the **Berkeley Symphony**.

Bay Area celebrities read favorite children's books accompanied by

BSO musicians. Guest Readers include Rita Moreno, Andy Samberg, Gasia Mikaelian, Tanya Holland, W. Kamau Bell, Thatcher Hurd, Linda Gage, and more. So stay tuned — there's more to come!

[Click here to view episodes of *Reading is Instrumental*.](#)

Berkeley Reads

The Foundation provides ongoing support for Berkeley Builds Readers, a highly successful early childhood family literacy project that brings Library resources and programming out into the community to childcare centers, shelters, and meeting places in the underserved areas of Berkeley. During the pandemic all the Library's literacy programs went online which greatly expanded the reach to adults and families. Zoom also took the Library's ESL Conversation Club worldwide!

STEM Literacy for All Ages

The Foundation invests in STEM Literacy projects with grants for development, training, and materials. A collection of 90 circulating digital devices were recently added to the collection. **Launchpads** for young readers contain secure, preloaded, ad-free educational apps with STEM and reading literacy themes.

Events

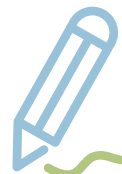

Just a few short weeks before the pandemic closed down the world, the Foundation held its **18th Annual Authors Dinner** at the Berkeley City Club with Honorary Chair Michael Lewis.

That gala was the last large gathering we would attend for more than a year for most of us. So instead of the Authors Dinner this year, the Foundation produced and presented its first virtual fundraiser.

Libraries Are Central, hosted by Roman Mars, author, and creator of the radio show *99% Invisible*. Authors, poets, dancers, musicians, actors, and other beloved local personalities, helped us showcase the newly renovated Central Library spaces in ways that would not have been possible at an in-person event. *Libraries are Central* raised an incredible \$150,000, including sponsorships, and brought in many first-time donors.

[Click here to view a broadcast of our
March 2021 virtual event.](#)

Thank You, Supporters!

Extraordinary libraries are built by you!

We hope you enjoy this biennial recognition of those who made gifts between May 2019 - May 2021. We try our best for accuracy, if we have erred, please let us know. We want to thank all our generous donors!
